Relax as you walk through the foyer into the oval hearth room.

Relax, Relate

Relate your needs to an Insperience™ Studio consultant in the oval-shaped hearth room. As you sit by the crackling fire, you'll hear words uncommon in today's world of impersonal service:

“What is important to you, and what would you like to see today?”

If you would like expert advice on product features, or a helping hand trying out the latest smooth-top range, your Insperience Studio consultant is ready to assist.

Now there is a place where you can see, touch, and experience the products that can make your home more productive.

Inspire™ Studio is a doorway to an exciting world of discovery. Step into fully equipped kitchens and suites, and try out the latest Whirlpool and KitchenAid brand home appliances.

Turn up the heat on a high-powered cooktop, experience the elegant style of a stainless steel refrigerator or see how a KitchenAid® Stand Mixer breezes through your favorite recipe.

It's all real. It all works. And it's all for you. Inspire™ Studio is a studio of solutions and a resource for great ideas.

Insperience™ Studio is not a showroom or appliance store. It's a studio of solutions and a resource for great ideas.

Share, Take Care

Share more time with your family by discovering a home that lets you accomplish more than you ever dreamed.

Smell the fresh scent of delicate clothing kept ready-to-wear in the Personal Valet®, touch the chilled interior of a Polara™ range; feel how it will keep food cool up to 24 hours until a preset cooking time, or fashion interior space to your liking with the ingenious Superba® refrigerator.

A new world of convenience is taking shape. Experience it at Insperience™ Studio.
